

Coaching with Kym has been an amazing growth experience for me personally and for my businesses.

Having monthly focused meetings has allowed me to utilise my time working on my business much more efficiently, giving results quicker than I thought possible; gross sales have increased by over 30% and net profit increased by over 60% in the last year.

The most valuable conversations with Kym have been focused around staff management, setting team and individual goals, and being accountable for reaching those goals- even in an economic downturn!

Coaching for me personally has given me so much more freedom in my life, allowing myself to work hard, but also have the down-time that was never possible in the past.

Thank you Kym for all of your wonderful help and advice!
