**Testimonial regarding Kym Krey –**

The art of public speaking can be difficult.

Recently I engaged Kym to address an evening seminar of my key Queensland clientele.

As the National Educator and Queensland State Manager for Algologie, professional and inspirational speakers are key to providing motivation to my client owners, managers and their staff.

Kym spoke on her selected topics with great passion and energy, motivating and inspiring the audience.

Comments received from the audience included, insight from owners that their staff were motivated, and "left on a high".

This is important, positive and critical feedback to me as these monthly seminars are the cornerstone to my managing clientele of Queensland.

Congratulations and thank you Kym.

Lisa Della-Bosca

Algologie Queensland
